Portfolio: <https://obscure-bastion-50580.herokuapp.com/>

SUMMARY

Full Stack Web Developer with a Bachelors of Science in Psychology and penchant for learning. Self-reliant and effective at thinking abstractly and logically while problem-solving. Detail-oriented, regardless of the complexity of the problem at hand.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript, and React.js

Tools: Node, Express, MySQL, Sequelize, MongoDB, Mongoose, JQuery, JSX, VS Code, GitHub, Git Bash, Heroku, Bootstrap, React-Bootstrap, SASS, Handlebars.js, Webpack, Babel, Passport, BCrypt, Socket.io, Simple-Peer, Travis CI, ESLint, UIKit, and Swiper.js

PROJECTS

GetPetVet | github.com/nikolaslenning/GetPetVet | <https://evening-stream-63366.herokuapp.com/>

- Veterinarian Video Chat Application. Allows the user to schedule a Vet appointment and connect via video conferencing to keep you and your pet happy and healthy.
- Core Responsibilities: Oversee project development and design, create database structure, setup routing for event creation/display, integrate socket.io to communicate between front and back end, and implement mobile responsiveness.
- Languages & Tools used: HTML5, JSX, CSS3, React.js, JavaScript, Node, Express, MongoDB, Mongoose, Socket.io, SimplePeer, Passport.js, BCrypt, Travis CI, ESLint .

Emote | github.com/nikolaslenning/Grocery-Guys | <https://intense-chamber-80785.herokuapp.com>

- App that returns numerical data identifying socially-perceived emotions found within an image. Data response can assist users with Autism Spectrum Disorder to better understand and interpret facial emotions.
- Core responsibilities: Propose and develop original idea, write and maintain JavaScript code to work dynamically with both APIs in the back-end, and oversee implementation of design.
- Languages & Tools used: HTML5, CSS3, JavaScript, Node, Express, MySQL, Handlebars.js, Passport.js, Multer, Memorystore, Travis CI, ESLint, Microsoft Face API, and Imgur API.

WhatsNext | github.com/nikolaslenning/WhatsNext

- WhatsNext is a simple solution for tracking and organizing upcoming and expiring features on Netflix.
- Core responsibilities: Writing and maintaining JavaScript code to work dynamically with both APIs returned information, Swiper Carousel, and UIKit.
- Languages & Tools used: HTML5, CSS3, JavaScript, UIKit, Swiper js, uNoGS API, & OMDb API

EXPERIENCE

Bartender & Server Trainer - The Dodo

2012 – 2020 Salt Lake City, UT

Managed multiple tasks simultaneously in a high-stress environment while communicating effectively with the team in order to work efficiently. Contributed in training and maintaining restaurant and bar staff of over 50 members

EDUCATION

BootCamp Certificate, Full-Stack Web Development

University of Utah, Salt Lake City, UT

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, JQuery, Bootstrap, Node, MySQL, MongoDB, Express, Handlebars.js, React.js, API/JSON, MVC paradigm, Agile Methodologies, Responsive Design, Quality Assurance Testing, and MERN Stack.

Bachelor of Science, Psychology

University of Utah, Salt Lake City, UT

Focused on studying human behavior through research and statistical methods. Contributing to a deeper understanding of human interaction, including persuasion, impression formation, judgments and decision making, group dynamics and intergroup relations.
